DAYTONA / BRAND GUIDE

Coastal, local, clear and dependable. A road/horizon mark with a restrained sun accent. Keep the same master across the website, office documents and merchandise.

Palette

Midnight #122B3D; Coast #087F82; Sand #F7F5EF; Sun #F2A65A. Use navy for text and teal for primary actions. Sun is an accent, not small text on ivory. Verify actual print conversion and paper proofs with the printer.

Typography and voice

The web interface uses the system sans-serif stack for reliable, fast loading, with Georgia for the limited editorial hero accent. SVG artwork uses Arial-compatible text; supply the font or convert text to outlines before printing. Voice: brief, specific and friendly. Avoid unsupported insurance or instant-booking promises.

Logo and artwork

Use logo.svg, logo-reversed.svg and mark-single-color.svg as masters. Keep clear space at least one-quarter of the mark height. Use the wordmark at 120 px or wider; the icon at 24 px or wider. Check small embroidery samples rather than using the full wordmark at stitch sizes that cannot reproduce it.

Office and business cards

Letterhead: US Letter. Business cards: 3.5 x 2 inch trim with 0.125 inch bleed on each edge; PDF pages are 3.75 x 2.25 inches. Front/back SVG text is editable. Final press artwork must match printer requirements. Verify phone, email and website before ordering. No placeholder QR is included.

Merchandise

merch-chest.svg: one-color left chest, suggested 3.25 inch width; merch-back.svg: suggested 10.5 inch back width. Cap: single-color mark, suggested 2 inch width; printer must digitize embroidery and provide a stitch proof. Use the same icon on key tags and totes. Reverse the graphic in white on navy garments; ink and thread must be vendor matched.

Status

These are tangible brand masters and review PDF layouts. They still need final business-contact verification, font outlines, printer color/bleed confirmation, and physical proofs. The Florida agreement template is a separate counsel-review document and is not ready for customer signing.
